

March 20, 2020

Dear Cristo Rey Parents and Guardians:

We know this week has been trying for our local community and those across the globe. However, despite all the uncertainty and change that the coronavirus (COVID-19) brings, know that our focus continues to be on your child's education and the safety of our school family.

As per the recommendations set forth by the Center for Disease Control & Prevention and the Florida Department of Education, **our school campus is closed until April 15**, and no student should report to campus. **Beginning Monday, March 23, Cristo Rey Tampa Salesian High School teachers will use a remote learning platform to educate your child.** Teachers will provide assignment and virtual class schedules on Monday. Students will also receive access to their class welcome videos, unit syllabi, and their first lessons through these familiar platforms. Please be sure your child checks their email for details and instructions on Monday.

Please remember during these next two weeks:

- Student instruction will take place using a virtual format March 23-April 15. We will keep you abreast of the progress and our weekly success.
- AP Assessments are under review by the CollegeBoard and they will be in touch with us as to how they will proceed. Students can visit CollegeBoard on Instagram and sign up for free mobile tools and resources.
- Free breakfast and lunch are available for children under 18 years of age at locations throughout Hillsborough County. Visit Summerbreakspot.freshfromflorida.com to find a location near you.
- Continue to take precautions to stop the spread of infection. Practice social distancing and limit gathering with friends. It is important that students remain at home or have minimal contact with people outside of their families to slow the spread of the coronavirus. Please limit your travel to limit exposure to yourselves and our community.
- Remember, anyone who travels out of the country or on a cruise **MUST** self-isolate for 14 days upon return, as directed by the Department of Education and Florida Health Department.

Thank you for your patience and understanding as we all navigate these temporary circumstances. We will continue to update you via email, phone, and text. Our website and social media sites will also be updated with all communications and resources. We will be back Monday evening with an update.

Sincerely,
